

Bootstrap

Practice Question

Qs

Create the following pricing page layout using Bootstrap.

[use only bootstrap styling without creating your own custom style.css]

Use Bootstrap - grid & flex layout, utilities for margin & card and button components.

Please **Note** - You might have to read about a few new classes of Bootstrap that weren't covered in lectures.

How the layout looks on desktop:

The screenshot shows a pricing page with three main sections: Free, Pro, and Enterprise. Each section is enclosed in a light gray box with rounded corners. The 'Free' section includes a 'Sign up for free' button. The 'Pro' section includes a 'Get started' button. The 'Enterprise' section includes a 'Contact us' button. The page also features a header 'Pricing' and a sub-header 'Please checkout our most effective payment models'.

Plan	Price	Inclusions
Free	\$0 / mo	10 users included 2 GB of storage Email support
Pro	\$15 / mo	20 users included 10 GB of storage Priority email support
Enterprise	\$29 / mo	30 users included 15 GB of storage Phone & email support

How it looks on screen-size till “md”(>= 768px) in bootstrap:

Pricing

Please checkout our most effective payment models

Free

\$0 / mo

10 users included
2 GB of storage
Email support
